

CUSTOMISE YOUR PLAYGROUND COLOURS

Choosing colours is often the hardest decision to make in the planning of your playground. Whether you opt for a combination of bright primary colours, something to blend with the local environment, or even a mix of your own school or community colours, we can tailor the combination to suit your needs.

The colours shown on the 3D presentations are a suggestion from us, but what may look good to us may not be exactly what you envisioned. If you aren't 100% happy with the colours, check out our full colour palette below and with a click of a button, we can change your design!
